REACH Policy - Supply of Electrical and Electronic Equipment

European Unit Regulation (EC) 1907/2006 regarding the Registration Evaluation and Authorization and restriction of Chemicals (REACH)

The European Union (EU) has established REACH, an integrated system for the registration, evaluation, authorization and restriction of chemicals.

REACH requires firms which manufacture and import chemicals to evaluate the risks resulting from the use of those chemicals and to take the necessary steps to manage any identified risk.

Industry has the burden of proving that the chemicals produced and placed on the market are safe.

The purpose of the regulation is to ensure a high level of protection of human health and the environment and promote innovation.

The Regulation includes annexes, which are under constant revision, listing 'Substances of Very High Concern' (SVHCs) such as carcinogens or substances considered very harmful to the environment (<http://echa.europa.eu/candidate-list-table>). An authorization procedure may be required for some of these substances to control their use and to encourage the development of safer alternatives.

Ever Motion Solutions obligation

Ever Motion Solutions is committed to an environmental management behavior to ensure that all aspects of its business have the least harmful effect on the environment.

Under REACH regulations, Ever Motion Solutions has the obligation to provide, as a downstream user, information to the end user if a product contains an SVHC in a concentration greater than 0.1% by weight.

To date no SVHCs have been identified in Ever Motions Solutions products at a level requiring any action.

Analysis is continuing as new substances are added to the annexes and new products to our portfolio.

Limitations

Ever Motion Solutions believes that the information provided herein is accurate. The information provided is based upon data obtained from ongoing due diligence concerning goods and materials provided by third party suppliers.

Ever Motions Solutions provides such information "AS IS", without any express or implied warranty of any kind. Ever Motion Solutions reserves the right to update and modify this communication, as it believes necessary or appropriate.

Please do not hesitate to ask for further information writing to infoever@evermotionsolutions.com
